Help	Privacy Content settings Clear browsing data Google Chrome may use web services to improve your browsing experience. You may optionally disable these services. Learn more Image: Use a web service to help resolve navigation errors Image: Use a prediction service to help complete searches and URLs typed in the address bar Image: Predict network actions to improve page load performance Image: Predict network actions to improve page load performance Image: Predict network actions to help resolve spelling errors Image: Duble phishing and malware protection Image: Duble action of the presolve spelling errors Image: Duble action track' request with your browsing traffic Presourds and forms Image: Duble action forms Image: Duble action to the web forms in a single click. Manage Autofill settings Image: Duble action of the trace on the web. Manage saved passwords		E

4) Scroll down to the **Pop-ups** heading and click on the 'Manage exceptions...' button.

→ C □	chrome://settings/content	公 O
	Cattings	
	Content settings	×
		*
	Click to play	
ettings	O Block all	
	Manage exceptions	
	Disable individual plug-ins	
	Pop-ups	
	Allow all sites to show pop-ups	=
	Do not allow any site to show pop-ups (recommended)	
	Manage exceptions	
	Location	
	Allow all sites to track my physical location	
	Ask me when a site tries to track my physical location (recommended)	
	Do not allow any site to track my physical location	
	Manage exceptions	-
		Done

5) In the **Pop-up exceptions** window, add an entry for CSSA by typing in .cssalliance.ca in the text field containing "[*].example.com" and ensure that the **Behavior** is set to **Allow**. Press enter once you are finished.

Po	op-up exceptions		×
	Hostname pattern	Behavior	
	.stewardshipontaro.ca	Allow	
	[*.]example.com	Allow	•
Γ			
<u>Le</u>	arn more		Done

Once finished, you exceptions should be similar to the image below, along with any other exceptions you've already added.

Hostname pattern	Behavior
stewardshipontaro.ca	Allow
cssalliance.ca	Allow
*.]example.com	Allow 🔻

6) Click on **Done** to save your changes.
